

TRIED TO KILL HER

Jacob Greenwald Attempts to Shoot His Wife.

THE CARTRIDGE WAS FAULTY

And Failed to Explode After Two Attempts Were Made to Shoot.

Now in Jail.

Jacob Greenwald, a sub-contractor living at No. 501 Hall street, was arrested early yesterday morning for being drunk and disorderly. When he was arraigned in police court yesterday his wife testified that he had tried to shoot her. This statement opened the eyes of the officials and the examination on a charge of drunkenness was postponed until the later accusation could be investigated. Mrs. Greenwald exhibited several wounds on her head which she said were caused by blows inflicted by her husband with the butt of a revolver. She said her husband was drunk and began quarreling with her. He drew a revolver and placed it against her breast, pulled the trigger, but the cartridge failed to explode. He repeated the attempt to shoot, but his wife grasped his hand and held it upward. This enraged him and he struck her over the head with the weapon, inflicting severe scalp wounds. Every chamber of the revolver was loaded at the time.

HELD ON A NEW CHARGE.

When this evidence was submitted the charge of drunkenness was dropped and Greenwald was rearrested on a charge of attempting to commit murder. The prosecutor's wife had previously applied for a divorce from him, and they had not been living together for some time. He went to her house in a drunken condition yesterday morning and tried to get her to promise to drop the proceedings for divorce and live with him again. When she refused to listen to his entreaties he became furious. When he was searched a .32-caliber revolver was found in his pocket and two of the cartridges were loaded. He is now in jail waiting examination on a charge of deadly assault, but is reticent and will say nothing that will explain the cause of his action.

REFUSED THE TRANSFER.

White's Passenger Causes His Arrest for Assault and Battery.

A warrant was issued from police court yesterday on complaint of Frank J. Baird for the Street Car Conductor White for assault and battery. The complaint set forth in his affidavit that he boarded a Scribner street car on Canal street and got a transfer from White for the South Division street line. He left the car when opposite Loma street and got on a South Division street car. When they had run as far as the Kammaro house on South Division street the conductor demanded his fare, refusing to accept the transfer. He was informed that he had invalidated his transfer by taking the car at the wrong point, that he should have waited until he reached the head of South Division street. He refused to pay his fare again and the conductor ejected him with unnecessary force.

Another Burglary Reported.

James Van Spunter's grocery and saloon at the corner of Jefferson and Wenham avenues was entered by burglars yesterday morning and \$150 in pennies was taken. The building was entered through the rear window. Stamps, cigars and other valuables in the store were not molested. It is thought the burglary was committed by boys, who were in search of money for the circus, but no clue to the perpetrators has been unearthed. Detectives Gist and Jakeway found the money drawer in an alley a short distance from the building.

Borden Wishes to Foreclose.

Andrew Borden began a case in chancery yesterday in the circuit court by filing with the clerk a bill in foreclosure against Katie Tazelaar, whose maiden name was Katie Brown, and also against Jennie Pross and Jacob Tazelaar, the guardian of Katie and Jennie Pross. Borden holds a mortgage given by the defendants in March, 1889, on the south forty feet of lot No. 3 of block No. 2 of City & Co.'s addition to secure a promissory note for \$600. He sets forth that default has been made in the payments of interest and taxes.

No Injunction Granted.

Judge Adair yesterday denied the granting of the petition of the trustees of the Norwegian Evangelical Lutheran church for an injunction restraining Knut S. Ekro and his faction in the church from assuming control of the church property. The motion was for a temporary injunction pending the hearing of a case brought to determine which faction is the legal possessor of the property. The judge held that the court had no authority to grant the injunction before the original case was decided.

Circuit Court—Part I.

JUDICIAL GROVE.

Margaret M. Parsons vs. J. W. Walton et al., chancery, petition for rehearing granted.

Circuit Court—Part II.

JUDICIAL GROVE.

The trustees of the Norwegian Evangelical Lutheran church vs. Knut S. Ekro et al., chancery, order denying prayer for injunction.

Court Notes.

Testimony in the case of the people against George Goids, charged with attempting to poison his son's wife.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder
ABSOLUTELY PURE

was read and signed in Justice Wrenfall's court yesterday, and the case was adjourned until August 26. The people's evidence is all in, and the defense will have a hearing when the case is again called.

By an order of the circuit court made yesterday, Charles W. Metcalf, assignee of the Fidelity Loan and Building Association, will distribute the funds among the creditors of the association.

The bill of exceptions in the Brown will case was filed with the clerk of the circuit court yesterday. The bill consists of sixteen volumes of type writer copy.

Police Court Notes.

On motion of the prosecuting attorney the case against Nate Meeker, for keeping his saloon open after hours, was held over in police court yesterday. It was thought the evidence was not sufficient upon which to hold him to the superior court. Meeker has three similar charges pending against him in the superior court.

Emma Youngs, whose troubles over emancipation day observance landed her in jail Monday night, pleaded guilty yesterday morning to a charge of disorderly conduct, and in default of payment of a fine of \$2 and costs she was committed to jail for fifteen days.

Gertrude White, the youthful colored girl who has been in police headquarters for several days on a charge of truancy, was sentenced to the Adrian reform school yesterday until she is 21 years old.

The examination of Harry Fay on a charge of larceny from a dwelling in the day time was adjourned until this morning at 9 o'clock.

There is a full page, half-tone engraving of Hon. James G. Blaine in the "Life of Benjamin Harrison" which The Herald is offering free for new subscribers, order at once.

Thomas Blatter, editor of the Graphic, Texarkana, Ark., has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." 25 and 50 cent bottles for sale by F. J. Wurzburg, Druggist, No. 58 Monroe street.

BULL DURHAM Is always uniform in quality. Pure, sweet and clean.

THE IDEAL OF FINE TOBACCO. BLACKWELL'S DURHAM TOBACCO CO., DURHAM, N. C.

THE LAND OF SUNSHINE.

A Unique Country Where the Skies Are Almost Never Clouded, While the Air is Cool and Bracing, Like Perpetual Spring.

As an anomalous southern resort, by reason of the fact that there one may escape summer heat no less than winter cold, New Mexico is rapidly becoming famous. Averaging throughout the entire territory 5,600 feet in altitude above sea-level, and characterized by dry air which, unlike a humid atmosphere, is incapable of communicating heat, the temperature in mid-summer remains at a delightfully comfortable degree through the day, and at night becomes invariably brisk and bracing. The sunning is almost constant, yet the most violent out-of-door exertion may be undertaken without fear of distressing consequences. Sunstroke or prostration are absolutely unknown there. It is an ideal land for a summer outing. Its climate is prescribed by reputable physicians as a specific for pulmonary complaints, and the medicinal Hot Springs at Los Vegas are noted for their curative virtues. The most sumptuous hotel in the west, the Moctezuma, is located at these springs. Write to Jno. J. Byrne, 723 Monadnock Block, Chicago, for "The Land of Sunshine," an entertaining and profusely illustrated book descriptive of this region, the most picturesque and romantic in the United States.

A Positive Fact.

Ladies, do not delay your valuable time by waiting and suffering, but secure a bottle of Dr. Williams' Pink Pills for Pale People. I do not make a cure of your monthly trouble either in old or young. It is the very best preparation I ever prescribed in my extensive practice. It has given the best results in the greatest number of cases of female troubles of any medicine that I ever used. I do not make a practice of using or recommending patent medicines, but this remedy is prepared by a very competent physician and chemist of my acquaintance and I can cheerfully and conscientiously recommend it as the best.

A STARTLING EVENT!

FOUR OF ONE FAMILY RESCUED FROM DEATH.

The Baker Family's Great Rejoicing.

The writer of this article says:

"I have made extensive and exhaustive investigation of some most marvelous claims and am fully convinced that they are true. I am at a loss to explain the mysterious and apparently marvelous cures, which for the sake of truth and humanity I herewith record to the credit of the justly celebrated magnetic physician and specialist, Dr. French, now at the Hotel Vendome, 185 East Fulton street, Chicago. For actual cases see these remarkable restorations, even after other physicians have failed, and must die of the disease which afflicted them. So I took it upon myself to make a personal investigation to prove the truth of these claims. As a start I called upon these doctors at their beautiful parlor offices at the Hotel Vendome, and after a short wait was admitted to the private office of Dr. French. I was greeted cordially by the doctor, and upon making my business known he seemed pleased to render me all the assistance and information in his power, saying he considered it a favor to answer any questions pertaining to the magnetic method treatment. First of all he showed me his books with record of cases, number treated each year, names of diseases, etc. The first year of their opening showed a record of 3,300 cases, the second year 3,600, the third year 4,000. In still further proving my investigation I found what was wonderful to the extreme. It was that of rescuing a family of four from death and disease. Simon Baker, well known in New York, had given up to die by the best physicians in that section. His trouble was diabetes mellitus. None, not even his own friends, expected he would ever get well. In this deplorable condition he was induced to try as a last resort the magnetic treatment and medical skill of Dr. French, and right away he was repaid for he was cured July 10 and about his daily life he is now cured. He is now a healthy man, and he says that from that time he commenced not even a vestige of his former sufferings have returned. Next in the family was Mrs. Walter Baker. This lady had been a terrible sufferer from dropsy for years. She too had tried numerous doctors and several doctors without avail. She was now entirely well and says Dr. French saved her life. And now last but not least comes the most interesting case of all. Walter Baker, of the same family. This man had been one of the most interesting cases of rheumatism known in that region. For six long and weary months he lay upon his bed, unable to get even a little relief from his terrible sufferings. Like other members of the family he had tried many physicians and had taken patent medicines enough to find a little relief, but he knew that he was not getting any better. He was now in a deplorable condition and carried up to the office in a chair. No one thought Mr. Baker could in any way be helped or benefited, but only hoped that he might get a little relief from his sufferings. But strange to say, and to the amazement of all, he was relieved of his pain. He walked out of the room and down the stairs, and today he is almost well of his rheumatic difficulty. A few more treatments will entirely cure him. This case is the talk of the section where he lives and is considered almost a miracle. There may be other systems of practice and treatment which can show like results, surely none have been published, and now in conclusion I will say of these doctors that they do not confine themselves to any system, but use any and all means to cure their patients as speedily as possible. They are graduates of the best medical colleges in the United States and know when and how to give the proper medical remedies when required. They treat every known disease with equal success. Do not wait to see a case like yours published, but go now before it is too late. Members of the very best families in Grand Rapids and vicinity have been and are now among Dr. French's patients. Remember, consultation, examination and advice are free and private all times. Office hours are from 9 a. m. to 6 p. m. Sunday 10 to 4.

My physician said I could not live, my liver out of order, frequently vomited greenish mucus, skin yellow, small dry humors on face, stomach would not retain food, Burdock Blood Bitters cured me. Mrs. Adelaide O'Brien, No. 372 Exchange street, Buffalo, N. Y.
